

Pumpkin Spice Series 1

Business Ethics & Behavioral Awareness *October 2025 | Profit From the Experience Inc.*

Purpose

To elevate behavioral awareness across industries through ethical training that reflects public expectations, cultural nuance, and professional standards.

Why Behavioral Awareness Matters

- Builds trust across industries and cultures
- Aligns with public expectations and ethical standards
- Supports safe, inclusive, and professional environments
- Reinforces leadership credibility in high-accountability sectors

Safe Distancing in Professional Settings

Key Practices:

- Maintain a **1-foot minimum** spacing when seated or standing
- Avoid physical contact unless culturally appropriate
- Respect cultural norms (e.g., Christian greetings may include touch)
- Demonstrate neutral hand posture:
 - Men: relaxed or clasped hands
 - Women: folded hands or open palms
- Use visual demonstrations and role-play to reinforce

Appropriate Language Usage

Guidelines for Ethical Communication:

- Omit biased, inflammatory, or culturally insensitive terms
- Use **clear, motive-driven language** that reflects public approval
- Address challenges:
 - Musical/media influences on speech patterns
 - Generational and regional tone variations
- Provide examples of preferred vs. discouraged phrases

Proper Hygiene Practices

Professional Standards Include:

- Regular handwashing and sanitization
- Clean workspaces and shared environments
- Grooming and scent sensitivity awareness
- Hygiene protocols from:
 - Political offices
 - Department of Justice
 - Defense and international diplomacy
